We also hosted our Cohort Two Meet and Greet – which was an amazing, calm and chill event packed with relaxation, insightful discussions, networking and most importantly intriguing Virtual Reality Experience.

This meet and greet had MCA team and students getting to know each other more, building meaningful connections and i was amazing having a physical experience all together considering the drastic changes brought to our social lives by the covid19 pandemic.

We once again appreciate you for being part of the MCA family and wish you happiness and good health as we navigate through the pandemic.

Stay safe.
